For Brassil Industries President, Shane Brassil, life is finally looking up. After years of begging his long-time lover, Damon Johnson, to return from London to take over the job of company Vice-President, he's finally gotten his wish. Now Shane's sights are set on the next leg of his plan. The sweet but sexy Rachel Ellerby has tempted him since the day he hired her as his executive secretary. Now that Shane has everyone in the same place, it's time to start the family he's always longed for. He already knows Damon is interested, they've talked about bringing Rachel into their relationship for months. Rachel is definitely interested in him, the sparks between the two of them are too intense to misread, but how will she feel about Damon? When a near-tragedy threatens to disrupt his plans, Shane will stop at nothing to keep the two people he cares about safe. Will it be enough? Or will outside forces tear the threesome apart? Reader Advisory: This book contains scenes of M/M and M/M/F sexual relations.
